KYNDALL DUTTON  
VICE PRESIDENT OF BUSINESS DEVELOPMENT

*“My family’s legacy in winegrowing has influenced both my approach to winery operations, hospitality and business management. Growing up surrounded by layers of vineyards and apple orchards, I recognized not only the hard work of farming but also the values of dedication, patience, and respect for the land. This legacy has instilled in me a commitment to sustainable practices, ensuring that our wines from our vineyards continue to thrive for future generations.”—Kyndall Dutton*

Kyndall Dutton, the clear-eyed and hard working eldest of the three Dutton sisters is a proud sixth-generation member of Sonoma County, has always had a deep-rooted passion for both horses and viticulture. Her career began in 2015 in the wine industry. Her love for horses led her to study and work as an Equine Veterinary Technician for four years where Kyndall gained invaluable knowledge about horses, honoring a shared enthusiasm for equines as her late grandfather, Warren Dutton.

While Kyndall cherished her time working with equines, she felt a strong pull back to her family’s legacy. In 2022, she rejoined Dutton Estate Winery, driven by a vision to contribute to the winery’s future and ensure its growth for the sixth and seventh generations. Today, Kyndall works daily alongside her sister, Kylie, and together, overseeing the winery’s daily operations.

Kyndall and Kylie embody the Dutton family’s legacy as women leaders in the wine industry. They take immense pride in their family’s agricultural traditions, nurturing the land, and crafting exceptional wines.

Kyndall is committed to carrying forward the heritage and sustainability of Sonoma County agriculture, ensuring that the Dutton legacy thrives for generations to come.
